The studies considered in this review of recent research on teachers' professional identity can be divided into three categories: (1) studies in which the focus was on teachers' professional identity formation, (2) studies in which the focus was on the identification of characteristics of teachers' professional identity, and (3) studies in which professional identity was (re)presented by ...

Reconsidering research on teachers' professional identity ...

Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios. It contrasts with traditional education, which generally relies on the teacher presenting facts and his or her knowledge about the subject. Inquiry-based Learning is often assisted by a facilitator rather than a lecturer.

Inquiry-based learning - Wikipedia

Language pedagogy [definition needed] may take place as a general school subject, in a specialized language school, or out of school with a rich selection of proprietary methods online and in books, CDs and DVDs. There are many methods of teaching languages. Some have fallen into relative obscurity and others are widely used; still others have a small following, but offer useful insights.

8. Creating a Supportive Context for Teacher Learning. Teachers work within contexts, and those contexts matter. The committee's view of teacher learning is one of a dynamic process contingent on its context—including the policies, practices, and norms of the groups with which teachers interact—as well as teachers' own individual characteristics.
