Unemployment or joblessness is a situation in which able-bodied people who are looking for a job cannot find a job.. The causes of unemployment are heavily debated. Classical economics, new classical economics, and the Austrian School of economics argued that market mechanisms are reliable means of resolving unemployment. These theories argue against interventions imposed on the labor market ...

The Atlantic has an article decrying the fact that economists are refusing to give behavioral economics a bigger role in introductory economics courses. I'm going to argue that this oversight is actually appropriate, even if behavioral economics provides many true observations about behavior. The core ideas of economics are extremely counterintuitive and are not accepted [...]

EXECUTIVE SUMMARY. In the first part of this report, we provide our responses to points i) and ii) on the ToR. We describe the results of an international benchmarking exercise, in which we document how Indian households allocate assets and take on liabilities both along the lifecycle and across the wealth distribution, and compare these patterns to those evident in micro-data on households in ...
