Ive followed a couple of the LabPaq links in older threads and it looks like the website may have changed a bit. Im not finding any kind of list of what might be included in the labs for any given course. In fact, it almost looks like they are moving to mostly customized orders or something simil...

Given that online courses are not going away, the concept of “at home labs” is worthy of exploration. The LabPaq lab manuals would require major peer review and an expansion of the technical sophistication of the activities before they could be considered equivalent to a college-level laboratory course.
