With summer just around the corner, it's time to read up on heat waves. Find out how these prolonged bouts of hot weather happen with a reading exercise and a diagram, and learn more about how you and your family can stay safe during events like it.

**Weather Science: Heat Waves | Worksheet | Education.com**

Biodiversity is a contraction of biological diversity. It reflects the number, variety and variability of living organisms and how these change from one location to another and over time. Biodiversity includes diversity within species (genetic diversity), between species (species diversity), and between ecosystems (ecosystem diversity).

And yet as we said, much of the life in the seas exists relatively close to land. Which means it is also close to human beings and their pollution -- including run-off from dirty city drains and from farmlands that use pesticides and artificial fertilizers.

**Oceans & Marine Life Science - Earth's Kids**

As humans we are part of the environment. With over 7.5 billion of us on Earth, our combined actions also have a big impact on the environment.

**Environmental Science Science Projects**

The zebra mussel (*Dreissena polymorpha*) is a small freshwater mussel. This species was originally native to the lakes of southern Russia and Ukraine. However, the zebra mussel has been accidentally introduced to numerous other areas, and has become an invasive species in many countries worldwide. Since the 1980s, they have invaded the Great Lakes and the Hudson River.

**Zebra mussel - Wikipedia**

§112.32. Aquatic Science, Beginning with School Year 2010-2011 (One Credit). (a) General requirements. Students shall be awarded one credit for successful completion of this course.

**19 TAC Chapter 112, Subchapter C - Texas Education Agency**

Competition for food, space, mates, and other resources occurs between individuals within a population. Agonistic behavior - polar bears engaging in threatening or combative behavior in which one bear will be the winner and will have control over resources such as food or potential mates.
