The 2015 United Kingdom general election was held on 7 May 2015 to elect 650 members to the House of Commons. It was the first general election at the end of a fixed-term Parliament. Local elections took place in most areas on the same day.. Polls and commentators had predicted the outcome would be too close to call and would result in a second hung parliament similar to the 2010 election.

The Big Five personality traits, also known as the five-factor model (FFM) and the OCEAN model, is a taxonomy for personality traits. It is based on common language descriptors. When factor analysis (a statistical technique) is applied to personality survey data, some words used to describe aspects of personality are often applied to the same person. For example, someone described as ...
