Making inferences is a skill with which students often need much practice. If you've looked for resources in the same places that I have, you probably haven't been too happy with what you found. I believe that the inference worksheets that I've created are of a higher quality than the other available resources and, as usual, I'm giving them away for free.

Q10: The keywords for Q10 is " 8 % ". From the table, we know the number of Saudi students is 7% and other nationalities is 3%. In the conversation, Andrew stated that " like the Saudi and Thai student numbers, almost the same also - both just under 10 " and " Thai students number just a fraction more ". We can deduce that Thai students must be more than 7%, but only just.
