One can either take the Bible as the basis for scientific truth or use ever-changing evolutionary assumptions as the foundation for your biblical and scientific knowledge. The Bible-as-base model resolves contradictions and gives concrete answers; the evolution-as-base model is as unsure as building a house on sand. Ken Ham knows this, and wants to provide families and individuals with the ...

I'm going to tell you the weirdest and, yet, most obviously true thing you've ever heard: You're not a person. This is going to sound like some real Rust Cohle s\*\*t, but bear with me because deep down you already know all of this.. For instance, you already know that you are, to a certain degree, a product of your genes -- they go a long way toward determining if you would be physically ...
