Art Benjamin (2010-05-29) Casting out nines Figure out the missing digit in a large product of two integers. Effect: The magician hands out a 3 or 4-digit integer chosen by a spectator in a previous part of the show. Using a pocket calculator, another spectator multiplies that number by some secret 3-digit number which he chooses freely and keeps for himself.

Step 2: Determine the Cube Root. Ignore the last three digits of the number called out by the spectator and choose the memorised cube which is just lower (or equal) to the remaining number. The cube root of this is the first digit of your answer.. Now consider the last digit of the number called out by the spectator. This will indicate the last digit of your answer.

Despite his crucial insight, Schopenhauer missed a key point in his account of will and consciousness. Our capacity for inward knowing and all that attends this introspective capacity is more a case of feeling than intellect. We don't know ourselves as Selves, we feel it. In fact, consciousness is more a matter of emotion than thought, the latter actually being a derivative mode of the former.
