Advanced Placement United States History (also known as AP U.S. History or APUSH) is a college-level course and examination offered by College Board as part of the Advanced Placement Program

AP United States History - Wikipedia

In mathematics, the mean value theorem states, roughly, that for a given planar arc between two endpoints, there is at least one point at which the tangent to the arc is parallel to the secant through its endpoints.. This theorem is used to prove statements about a function on an interval starting from local hypotheses about derivatives at points of the interval.
