Alternatives. Many people opt to rebuild their current engines in the boat instead of re-powering due to costs and time constraints. It's easy to understand why: Unless the boatbuilder has installed removable engine hatches so that mechanics can remove salon furniture and open up the engine space for easy, open access, you're adding a significant chunk of labor hours to the overall job of ...

Push Messages. 3D printing is cool, but it always takes some time and nobody wants to spend all the time sitting next to the printer. This is where the Repetier-Informer app (the required app is available for Android and iOS devices) enters the scene. This will give you the desired status reports via fast and free push messages to your smartphone and/or tablet.
