Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.

After being inspired by Jeremy's early retirement story, I decided to sit down and calculate once and for all how long it would take for us to retire early as well. (And by retire early, I really mean "be financially independent" - ie not needing money anymore to survive whether you still want to work or not. In a way I feel like I'm already retired since I'd be blogging as I am ...
