*Note: This is an abbreviated Project Idea, without notes to start your background research, a specific list of materials, or a procedure for how to do the experiment. You can identify abbreviated Project Ideas by the asterisk at the end of the title. If you want a Project Idea with full instructions, please pick one without an asterisk.

Turn Plants into Biofuel with the Power of Enzymes ...

Origin of life research tends to fall into either of two camps. The first experiments done by Stanley Miller in 1953 demonstrated that mixtures of reducing gases, thought to be present in the primordial earth, when subjected to electrical discharges, produced many organic compounds, including several amino acids.
