Setting Tuition and Financial Aid There is a huge difference between Susan's recommendation and what the other colleges did. Ursinus college not only raised their tuition but they also increased financial aid. Therefore, students were not paying much more out of pocket even though tuition increased. The theory behind "applicants had apparently concluded that if the college cost more, it ...

Origin. The Gartner Group first used the abbreviation ERP in the 1990s to extend upon the capabilities of material requirements planning (MRP), and the later manufacturing resource planning (MRP II), as well as computer-integrated manufacturing. Without replacing these terms,

ERP came to represent a larger whole that reflected the evolution of application integration beyond manufacturing.

We review the contribution and evolution of open innovation since the publication of Chesbrough's 2003 Open Innovation book, and suggest likely directions going forward. We link the articles of this special issue to three key trends in open innovation research: better measurement, resolving the role of appropriability and linking that research to the management and economics literature.

Open innovation: The next decade - ScienceDirect

In industry, product lifecycle management (PLM) is the process of managing the entire lifecycle of a product from inception, through engineering design and manufacture, to service and disposal of manufactured products. PLM integrates people, data, processes and business systems and provides a product information backbone for companies and their extended enterprise.
