Exam Test Banks and Solution Manuals

Economic theory has suffered in the past from a failure to state clearly its assumptions. Economists in building up a theory have often omitted to examine the foundations on which it was erected. This examination is, however, essential not only to prevent the misunderstanding and needless controversy which arise from a lack of knowledge of the assumptions on which a theory is based, but also ...

- Workers should be encouraged to select a workload capacity which is optimum for them in any given situation.
- To maintain a high activation level (or the required level for performing the task), the work sessions should be interrupted by rest periods or by other types of work.

Chapter 34 - Psychosocial and Organizational Factors

Leader characteristics and behaviors work to reduce hospital errors through enabling and shaping perceptions of safety climate. Transformational leadership—providing an inspiring vision and fostering identification with it—is the leader characteristic most strongly associated with improving safety culture and safety outcomes (), and transformational leadership can also be taught ().
