The evolution of the peppered moth is an evolutionary instance of directional colour change in the moth population as a consequence of air pollution during the Industrial Revolution. The frequency of dark-coloured moths increased at that time, an example of industrial melanism. Later, when pollution was reduced, the light-coloured form again predominated.

I usually thicken my epoxy with wood flour salvaged from my dust collection . My question as wood flour is used in the bakery industry for bread could using wheat flour as a thickener for epoxy a bad idea??? I have made a couple of small batches for /filling/ fillets and it seems to be ok but I would like some more experienced input here.

The Full Moon in astrology is about that time of reckoning, when the Sun is opposite the Moon. It typically brings mixed feelings or opposite points of view, either inside you – or in the outside world – and if it triggers your birth chart, or even the birth chart of a whole nation (countries have horoscopes too) then it's big. This is an extract from my book 2020 Astrology which goes ...

Introduction . You can read in almost all of the “how to make transparent soap” manuals, that to master the technique, it is a big advantage to be familiar with the hot process soapmaking.. Indeed, but I tell you what – I did try to make transparent soap without any hot process experience.Actually, I only made a few batches of a cold processed soap at that time.
