The glossary that follows assumes a definition of ecology--the study of interactions between organisms and their environment--much wider than what fits under the field's habitual statistical persona. Ecofeminism and ecopsychology are mentioned, for example, as are terms from organic gardening and permaculture.

At age 9, Gandhi entered the local school in Rajkot, near his home. There he studied the rudiments of arithmetic, history, the Gujarati language and geography. At age 11, he joined the High School in Rajkot. He was an average student, won some prizes, but was a shy and tongue tied student, with no interest in games; his only companions were books and school lessons.
