The media is full of advertisements for Medicare Part D carriers, and you need to choose your carrier very carefully. You need to check around and do some legwork to see which Part D drug plan best meets your needs, but all of them must offer benefits which are at least as good as the standard Medicare Part D benefit as specified by law. There are programs to help people with limited resources ...

Polynomial Graphs and Roots. We learned that a Quadratic Function is a special type of polynomial with degree 2; these have either a cup-up or cup-down shape, depending on whether the leading term (one with the biggest exponent) is positive or negative, respectively. Think of a polynomial graph of higher degrees (degree at least 3) as quadratic graphs, but with more twists and turns.
