Use the beak evolution lab guide to calculate the number of offspring your bird beak earned, and then calculate how much redesign time you earned to modify the team's beak. Look at your data and answer the reflection questions on the beak evolution lab guide.

### **A New Beak Evolution Lab! - sciencefriday.com**

This lab models natural selection by using familiar tools to represent different bird beaks and using toothpicks and macaroni to represent food. If the variety of bird beak is related to the ability of that beak to acquire food resources, then a bird beak that is better adapted to its environment will be

able to acquire more food.
