Financial modeling is the task of building an abstract representation (a model) of a real world financial situation. This is a mathematical model designed to represent (a simplified version of) the performance of a financial asset or portfolio of a business, project, or any other investment.. Typically, then, financial modeling is understood to mean an exercise in either asset pricing or ...

This essay clarifies the concept of dialogue in public relations. As public relations theory and research move toward a two-way relational communication model, many scholars and practitioners are increasingly using the terms "dialogic" and "dialogue" to describe ethical and practical approaches to public relations.
