BSc (Hons) Marine Biology - University of Plymouth

Climate engineering or climate intervention, commonly referred to as geoengineering, is the deliberate and large-scale intervention in the Earth's climate system, usually with the aim of mitigating the adverse effects of global warming. Climate engineering is an umbrella term for measures that mainly fall into two categories: greenhouse gas removal and solar radiation management.

Climate engineering - Wikipedia

The General Radiotelephone Operator License (GROL) is a license granted by the U.S. Federal Communications Commission (FCC). The GROL does not convey the authority to operate an amateur radio station, for which the FCC has a separate licensing system, nor is it required for any engineering jobs in radio and television broadcasting. However, some services such as aviation, marine and ...

General radiotelephone operator license - Wikipedia

Many pilots and aviation professionals have expressed significant criticism of the 9/11 Commission Report. Several even allege government complicity in the terrible acts of 9/11. This page of the website is a collection of their statements. The website does not represent any organization and it should be made clear that none of these individuals are affiliated with this website.
