Classification & Taxonomy. Lesson planning in biology classification and taxonomy is easier and fun with the study kits and games that Flinn Scientific has developed. Classification of living things posters and dichotomous keys are also available.

**Classification & Taxonomy - Flinn Scientific**

A dichotomous key is a series of paired questions that refer to structural features. The answer to each question The answer to each question leads the reader to a different pair of questions each time until a definite classification can be made.

**LAB: Kingdom of Candy - Mr. Doc's Online Lab**

answer: Mountain lions, pumas, cougars, and pan-thiers are four common names of an animal with one scientific name, *Felis concolor*. 7. Possible answer: Early scientific names were often very long and hard to standardize. Names produced by binomial nomen-clature are only two words long and hold more close-ly to a common standard. 8. Possible ...
