Unemployment or joblessness is a situation in which able-bodied people who are looking for a job cannot find a job.. The causes of unemployment are heavily debated. Classical economics, new classical economics, and the Austrian School of economics argued that market mechanisms are reliable means of resolving unemployment. These theories argue against interventions imposed on the labor market ...

Health care prices in the United States describes market and non-market factors that determine pricing, along with possible causes as to why prices are higher than other countries. Compared to other OECD countries, U.S. healthcare costs are one-third higher or more relative to the size of the economy (GDP). According to the CDC, during 2015 health expenditures per-person were nearly \$10,000 on ...
