I think the key is to have enough games so that the kids do not get bored at this station. It is important to also have a variety of math skills for them to practice.

### **Guided Math: Games**

I did Always-Sometimes-Never (ASN) questions with my 6th graders. The kids were randomly paired up to work on placing 18 mathematical statements into appropriate columns: always true, sometimes true, and never true.

"It's not GREek!" will present you with question types you are likely to see on the GRE, as well as a brief explanation on how to arrive at the answer for each question. This week we will turn our attention toward a sample GRE Math problem. Ah, the dreaded train problem. Surely these kinds of questions must be the the most infamous of all inane word problems.
