An ability check tests a character's or monster's innate talent and training in an effort to overcome a challenge. The GM calls for an ability check when a character or monster attempts an action (other than an attack) that has a chance of failure. When the outcome is uncertain, the dice determine the results.

I've prefaced many an article with how well-balanced I think the 5e rules are, and the more I play, the more I realised how spot on WOTC got things... well apart from Counterspell, healing rules, Paladins (in particular their divine smite ability), and a few other bits and pieces.. One - inexplicable - thing that blows my mind though is how the Lucky feat survived playtesting.

Relativism is the idea that views are relative to differences in perception and consideration. There is no universal, objective truth according to relativism; rather each point of view has its own truth. The major categories of relativism vary in their degree of scope and controversy. Moral relativism encompasses the differences in moral judgments among people and cultures.
