Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...

Corporate finance for the pre-industrial world began to emerge in the Italian city-states and the low

countries of Europe from the 15th century. Public markets for investment securities developed in the Dutch Republic during the 17th century. By the early 1800s, London acted as a center of corporate finance for companies around the world, which innovated new forms of lending and investment.
