Question: "What does the Bible say about magic, magicians, illusionists?" Answer: There is a difference between the magicians spoken of in the Bible and the magicians and illusionists one sees today at parties and in stage show acts. The magicians in the Bible either gained their power from demonic forces or else they were little more than charlatans who pretended to have great knowledge or to ...

python - Bad magic number while trying to import .pyc ...

A Magic Number is a hard-coded value that may change at a later stage, but that can be therefore hard to update. For example, let's say you have a Page that displays the last 50 Orders in a "Your Orders" Overview Page. 50 is the Magic Number here, because it's not set through standard or convention, it's a number that you made up for reasons outlined in the spec.

MAGIC Foundation

A magic number is a sequence of bytes that is used in all files of a certain format, usually at a given position (often at the beginning). Since all files in that particular format have that particular byte sequence in that particular position, and most files in other formats don't have it, the magic number is a way to recognize what format a file is in.
