Early in my DFIR career, I struggled with understanding how exactly to identify and understand all the RDP-related Windows Event Logs. I would read a few things here and there, think I understood it, then move on to the next case – repeating the same loop over and over again and never really acquiring full comprehension.

The purpose of this drawing task is to make learners grapple with the idea that they are on a ball-shaped Earth. Most learners have no problem with saying that the Earth is shaped like a ball and most have seen pictures of the ball-shaped Earth like Figure 1. However, this concept is not easy to think about when you are actually standing on the ball.

From the get go, many people would think that something like an overseas assignment or an overseas operation would involve the military. It certainly has a very army-like ring when spoken, but overseas assignment and operation can actually involve investigative services and the operatives that work for any investigative service.

[quote]yeah, I have a feeling, "proving his intent," is going to be a sticking point. Bullshit. First, the intent is blindingly obvious in every action Individual-1 has taken with regard to Putin and Russia, and in the lack of action in this area one would expect from a candidate and from the President of the United States.
