Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

8. Creating a Supportive Context for Teacher Learning. Teachers work within contexts, and those contexts matter. The committee's view of teacher learning is one of a dynamic process contingent on its context—including the policies, practices, and norms of the groups with which teachers interact—as well as teachers' own individual characteristics.
