Money is any item or verifiable record that is generally accepted as payment for goods and services and repayment of debts, such as taxes, in a particular country or socio-economic context. The main functions of money are distinguished as: a medium of exchange, a unit of account, a store of value and sometimes, a standard of deferred payment. Any item or verifiable record that fulfils these ...

Friedrich August von Hayek was born in Vienna to August von Hayek and Felicitas Hayek (née von Juraschek). His father, from whom he received his middle name, was born in 1871 also in Vienna. He was a medical doctor employed by the municipal ministry of health with a passion for botany, about which he wrote a number of monographs. August von Hayek was also a part-time botany lecturer at the ...

6. This brings us to the evolution of one of the two main state variables in our framework, political institutions (the other state variable is the distribution of resources, including distribution of physical and human capital stocks, etc.). Political institutions and the distribution of resources are the state variables in this dynamic system because they typically change relatively slowly ...
