Economists typically work independently in an office. However, many economists collaborate with other economists and statisticians, sometimes working on teams. Some economists work from home, and others may be required to travel as part of their job or to attend conferences.

Economists - Bureau of Labor Statistics

The labor theory of value (LTV) is a heterodox theory of value that argues that the economic value of a good or service is determined by the total amount of "socially necessary labor" required to produce it, rather than by the use or pleasure its owner gets from it (demand) and its scarcity value (supply).. LTV is usually associated with Marxian economics, though it also appears in the ...
