- Good critical thinking processes don't just look at causes, they look at consequences as well. A great tool for thinking through the consequences of an action is the 7 So What's. The 7 So What's force you to go from an early answer to think through all the possible implications and future consequences of your action. Let me offer an example. Let's say we have a situation where we're going to ...

1. Why Write a Business Plan? The preparation of a written business plan is not the end-result of the planning process. The realization of that plan is the ultimate goal. However, the writing of the plan is an important intermediate stage - fail to plan can mean plan to fail. For an established business it demonstrates that careful consideration has been given to the business's development, and ...
