We are the American Institute of CPAs, the world's largest member association representing the accounting profession. Our history of serving the public interest stretches back to 1887.

AICPA

1) Managerial accounting has its focus on analyzing and providing cost information within the company internally so that its management can plan, operate and control the company more effectively. In contrast, financial accounting has its focus on the financial statements which are distributed to external stockholders, lenders, financial analysts, and others outside of the company, as ...
