Science Olympiad

Science Olympiad is an American team competition in which students compete in 23 events pertaining to various scientific disciplines, including earth science, biology, chemistry, physics, and engineering. Over 7,800 middle school and high school teams from 50 U.S. states compete each year. U.S. territories do not compete; however, since 2012 high school teams from Japan have competed at the ...

Interactive Mathematics Activities - cut-the-knot.org

Mathematics arises from many different kinds of problems. At first these were found in commerce, land measurement, architecture and later astronomy; today, all sciences suggest problems studied by mathematicians, and many problems arise within mathematics itself. For example, the physicist Richard Feynman invented the path integral formulation of quantum mechanics using a combination of ...

Merge sort (sometimes spelled mergesort) is an efficient sorting algorithm that uses a divide-and-conquer approach to order elements in an array. Sorting is a key tool for many problems in computer science. For example, inputting a list of names to a sorting algorithm can return them in alphabetical order, or a sorting algorithm can order a list of basketball players by how many points they ...
