A lexicon is a list of words that belong to a particular language.. Sometimes, lexicon is used as another word for thesaurus (see below) A dictionary is a list of words and phrases that are (or were) in common usage, together with their definitions - so a dictionary is different from a lexicon because a lexicon is a simple list and doesn't define the words.

vocabulary - Difference between lexicon and dictionary ...

When we look at both sentences, we find that there is no object. So it is clear that we need to use an intransitive verb. As the verb "lay" is a transitive verb (needing an object), which means to put somebody or something down in a particular position, its use in the sentence meant is out of the question because it is neither an intransitive verb nor it has the sense needed for the right ...
