The Programme for International Student Assessment (PISA) is a worldwide study by the Organisation for Economic Co-operation and Development (OECD) in member and non-member nations intended to evaluate educational systems by measuring 15-year-old school pupils' scholastic performance on mathematics, science, and reading. It was first performed in 2000 and then repeated every three years.

Programme for International Student Assessment - Wikipedia

When Keynes died, in April 1946, The Times of London gave him the best farewell since Nelson after Trafalgar: "To find an economist of comparable influence one would have to go back to Adam Smith." A few years later, Alvin Hansen, of Harvard University, Keynes' leading disciple in the United States, wrote , "It may be a little too early to claim that, along with Darwin's Origin of ...
