Diabetes Insipidus and Traumatic Brain Injury - InTech - Open

Word History: Ancient Greek physicians gave the name *diabētēs* to a chronic disease characterized by excessive urination—probably what we now know as diabetes insipidus. (Later, the name was also used for a different disease, diabetes mellitus, in which increased urination is a common symptom.) The term is ultimately derived from the verb *diabainein*, "to stride or stand with the legs apart ...
