Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.

Leadership - Wikipedia

Apple products put complete freedom of expression in the hands of every student who uses them. iPad is simple enough for anyone to master right from the start, and flexible enough to let students go wherever their ideas take them.

Education - Apple

Resilience research also answers the question I asked myself many times after I grew into adulthood—a question that every educator has asked at one time or another: Why is one student who's dealing with serious stresses, even trauma, able to overcome these conditions and succeed, while another student cannot?
