The hero's wife and one child, the hobby-horse, the doctor, the foreign gentleman who not being familiar with the language is unable in the representation to express his ideas otherwise than by the utterance of the word 'Shallalah' three distinct times, the radical neighbour who will by no means admit that a tin bell is an organ, the executioner, and the devil, were all here.

Radical - definition of radical by The Free Dictionary

In this section we introduce the method of undetermined coefficients to find particular solutions to nonhomogeneous differential equation. We work a wide variety of examples illustrating the many guidelines for making the initial guess of the form of the particular solution that is needed for the method.

GENERAL SEMANTICS. The term general semantics originated with Alfred Korzybski in 1933 as the name for a general theory of evaluation, which in application turned out to be an empirical science, giving methods for general human adjustment in our private, public, and professional lives. His study has led ultimately to the formulation of a new system, with general semantics as its modus operandi.

New word entries. anti-suffragism, n.: "Opposition to the extension of the right to vote in political elections to women; the political movement dedicated to this."

New words list March 2019 | Oxford English Dictionary

¹Formerly, an apostrophe was used after a final -s. However, new rules simplify forming genitives. Most genitives are formed with ' s.. The term "genitive" includes a larger range of relationships than "possessive"—ownership (my dog), temporary possession (his cookie), a natural trait (his tail), a family relationship (his mom), origin (his city), performer of an action (his arrival), and more.

Immanuel Kant. Towards the end of his most influential work, Critique of Pure Reason(1781/1787), Kant argues that all philosophy ultimately aims at answering these three questions: "What can I know?What should I do? What may I hope?" The book appeared at the beginning of the most productive period of his career, and by the end of his life Kant had worked out systematic, revolutionary, and ...
