Introduction. The brachial plexus is widely renowned as one of the most horribly fiddly and complicated pieces of anatomy you'll ever have to learn. This, of course, means that examiners absolutely LOVE testing you on it! I always found the most difficult part was to grasp which bits of tiny stringy nerve fibres went where and how they joined together.

Spiritual Anatomy. Many cultural traditions contain an esoteric thread describing what might be referred to as the anatomy of the human soul. There are the ka and ba of Egyptian mythology, the meridians of acupuncture, the chakras and nadis of yoga, the sephirot of Hebrew cabbalistic tradition, and the etheric and astral bodies of western esoteric lore.
