mathematics study notebooks. Anticipation Guide (page 6) This master is a survey designed for use before beginning the chapter. You can use this survey to highlight what students may or may not know about the concepts in the chapter. There is space for recording how well students answer the questions before they complete the chapter.

Chapter 7

Compared to my high school geometry book (written in 1952), it is four times bigger and heavier and filled with lots of extraneous information on "California Standards" and other self advertisements. Not what I would have chosen, but does the job. Pity the poor students who have to carry it around.
