It is your unquestionably own times to operate reviewing habit. among guides you could enjoy now is cell function answer key below.

Cell Function Answer Key

Introduction. Use this answer key to help you assess students' work on their Compare a Cell to a Factory student sheet. In the second column of the chart, students should write the name of the organelle that functions most like the factory worker described in the first column.

Comparing a Cell to a Factory: Answer Key - Science NetLinks

Mitochondria - Turning on the Powerhouse Mitochondria are known as the powerhouses of the cell. They are organelles that act like a digestive system which takes in nutrients, breaks them down, and creates energy rich molecules for the cell. The biochemical processes of the cell are known as cellular respiration. Many of the reactions involved in cellular respiration happen in the mitochondria.
