A common question: Should you add degrees or credentials after your name on your resume and LinkedIn profile? Because you are marketing yourself in the job market, be careful how you present yourself so your target employers see you as a viable candidate. Whether or not to put letters after your name depends on what [...]

Listing Credentials After Your Name on Your Resume and on ...

The hypothesized link between the measles, mumps, rubella (MMR) vaccine and autism continues to cause concern and challenge vaccine acceptance almost 2 decades after the controversial and later retracted Lancet paper from 1998 (), even though observational studies have not been able to identify an increased risk for autism after MMR vaccination. In a 2014 meta-analysis, 10 observational studies ...
