In excel shared workbook can you insert data and not ...

It is important that you tie instruction for each student to his or her particular stage of language acquisition. Knowing this information about each student allows you to work within his or her zone of proximal development—that gap between what students can do on their own and what they can do with the help of more knowledgeable individuals (Vygotsky, 1978).

The Stages of Second Language Acquisition - ASCD

A spreadsheet is an interactive computer application for organization, analysis and storage of data in tabular form. Spreadsheets developed as computerized analogs of paper accounting worksheets. The program operates on data entered in cells of a table. Each cell may contain either numeric or text data, or the results of formulas that automatically calculate and display a value based on the ...

Spreadsheet - Wikipedia

Though this is a very late answer, I have had success with an add-in called RegEx Find/Replace to do exactly what you want. But I do not know of any built-in capability for this in Excel. The add-in creates a button on the ribbon which launches a dialog box that looks very much like the Excel Find/Replace.

Does Excel have Find & Replace match placeholder? - Super User

Parents are now considered the "partners" of speech-language pathologists. The two work together to make therapy an ongoing process for the child, with the parent learning how to encourage the child's communication during daily routines and activities.
