Preface to the Home Education Series. The educational outlook is rather misty and depressing both at home and abroad. That science should be a staple of education, that the teaching of Latin, of modern languages, of mathematics, must be reformed, that nature and handicrafts should be pressed into service for the training of the eye and hand, that boys and girls must learn to write English and ...

Let's begin, as we always do, with a prayer. We thank You, Lord, for our time together. We thank You for each person in this room and for the plan that You have for each person's life here.

John - Chapter 16 | Bible.org

Beyond illustrating how networks work, Near demonstrates the power of the network effect in designing multi-person exhibits. The exhibit is flexible and scalable for groups who drift in and out. The activity of walking on the mat is individual, so individuals don't have to worry about how others' contributions might disrupt their personal experience.
