GEMI Metrics Navigator™ Online Appendix – Full EAG Perspectives What are the Characteristics of a Learning Organization? (Continued) During the learning process, individuals will influence each other and their ideas will co-evolve; that is each idea will adapt and change in the context of other ideas, and once changed, it will, in turn, have an influence on what happens next.

What are the Characteristics of a Learning Organization

According to Sternberg, a complete explanation of intelligence entails the interaction of these three subtheories. The componential subtheory specifies the potential set of mental processes that underlies behavior (i.e., how the behavior is generated) while the contextual subtheory relates intelligence to the external world in terms of what behaviors are intelligent and where.
