Entering a new profession or creating a career path presents many opportunities as well as a sense of uncertainty. To empower new professionals and ensure they thrive in their careers, they need to be aware of professional avenues and opportunities and how to navigate through them. The 2019 New Public Servants Workshop, set to take place on May 16, will provide practical tools and resources ...

IPAC New Public Servants Workshops

In economics, a model is a theoretical construct representing economic processes by a set of variables and a set of logical and/or quantitative relationships between them. The economic model is a simplified, often mathematical, framework designed to illustrate complex processes. Frequently, economic models posit structural parameters. A model may have various exogenous variables, and those ...
