The history of books starts with the development of writing, and various other inventions such as paper and printing, and continues through to the modern day business of book printing. The earliest history of books actually predates what would conventionally be called "books" today and begins with tablets, scrolls, and sheets of papyrus. Then hand-bound, expensive, and elaborate books known as ...

John B. Calhoun (May 11, 1917 – September 7, 1995) was an American ethologist and behavioral researcher noted for his studies of population density and its effects on behavior. He claimed that the bleak effects of overpopulation on rodents were a grim model for the future of the human race. During his studies, Calhoun coined the term "behavioral sink" to describe aberrant behaviors in ...
