10 top tips for Effective Communication (first appeared in the FA Boot Room in Feb 2019). 1. Less is more. Some of the best learning happens when children work things out for themselves. This may prove time consuming during your session, but it can be hugely beneficial as children can explore their own ways of learning and create strategies for when they don't know what to do.

I had a spelling test in my class once where the correction was done by the person next to you. I had in my previous vacation worked extra hard on my spellings and my experience in video games had only strengthened my foothold, I was confident, I was ready, I was ecstatic when I saw the words, I wrote down the answers all in my personal flair.

For Wave optics, I read it from the NCERT textbook line by line and to tell you, YDSE(Young's Double Slit Experiment) is the most important thing in this chapter. If you had only one day in hand for it, YDSE, Huygens law and Brewster's angle would be the only thing you would need to do from this chapter. With this, Communication systems and Electronic Devices (Semiconductors) were only left.
