Concentration, also known as Match Match, Match Up, Memory, Pelmanism, Shinkei-suijaku, Pexeso or simply Pairs, is a card game in which all of the cards are laid face down on a surface and two cards are flipped face up over each turn. The object of the game is to turn over pairs of matching cards.. Concentration can be played with any number of players or as solitaire.

### Concentration (card game) - Wikipedia

Concentration is a card game for two to four players. The objective is to be the first to get rid of all the cards in your hand. The game is played with a standard 52-card deck. The cards are dealt face down to the players. The player to the left of the dealer starts by turning over the top card of the deck. The other players then turn over the top card of their hand. The player with the lowest card value (excluding face cards) wins the round and takes all the cards. If two or more players have the same lowest card value, a "war" is declared. The player with the highest card value wins the war and takes all the cards. The game continues until one player has won all the cards.
