Increasingly, schools and districts are getting on board with explicit social emotional learning (SEL) integration and direct instruction. However, organizing SEL programs, merging them with structures already in place, and assessing and adjusting a setting's program can be barriers to quality SEL implementation and sustainability.

Engaging Canadians: The Let's Talk Climate Action website was launched on April 22, 2016 to gather ideas and comments from Canadians about how Canada should address climate change. By the submission deadline of September 27, 2016, over 13,000 ideas and comments were received. In addition, consultations by governments and working groups on clean growth and climate change were held across Canada.

This article was originally published at ABC Environment yesterday. I'm doing my best to respond to comments over there but it's not easy - perhaps SkS readers can help me out :) Of all the people that doubt the science of climate change, geologists seem to be the most vocal. But they, of all people, should be the most concerned.
